# TALKING THE TALK

## Respectful Relationships, Human Sexuality & Protective Safety Program

**Evidence based resource that influences Talking The Talk's approach to achieving learning outcomes:**

The UNESCO International Technical Guidance on Sexuality Education (2018) Explains what sexuality education is and why it is important.  
[www.unesdoc.unesco.org/images/0026/002607/260770e.pdf](http://www.unesdoc.unesco.org/images/0026/002607/260770e.pdf)

The guidelines are organised around eight key concepts:

- 1. Relationships
- 2. Values, Rights, Culture and Sexuality
- 3. Understanding Gender
- 4. Violence and Staying Safe
- 5. Skills for Health and Well-being
- 6. The Human Body and Development
- 7. Sexuality and Sexual Behaviour
- 8. Sexual and Reproductive Health

Sessions are delivered by qualified staff who have backgrounds in teaching, nursing, or youth work - all trained by Vanessa Hamilton.
